Dear Senator Jenner:

STATINTL

With reference to your letter of 21 September 1954 I am pleased to designate Mr. [REDACTED] to serve in an advisory capacity to the staff of the Joint Committee on Printing in its forthcoming survey on classified printing. [REDACTED] can be contacted on Code 143, Extension 4237.

In your letter you expressed concern as to the possible effect certain planned construction changes might have on the services performed by the GPO-Department of State Service Office. We are aware that the alterations to the building in which this printing plant is located will result in some temporary inconveniences; however, we have taken appropriate steps to minimize these inconveniences and to insure adequate security. The Chief of the GPO-Department of State Services Office has been consulted and has concurred in those arrangements.

May I assure you of our recognition of the key position which this plant occupies in relation to the survey and of our desire to cooperate in every way to forestall any inimical effects to its immediate or long-range program.

Sincerely yours,

/s/  
Allen W. Dulles
